

## **TOMORROW'S LAW OFFICE, TODAY**

As Gilbert LLP planned its new office space, our benchmarks were innovation, productivity, teamwork, and character. Gilbert's clients, attorneys and staff will benefit from our successful integration of all four. Highlights include:

### ***Design—Offices***

- All offices similarly sized
- Easy shifting between offices for efficient hoteling
- Easy-access lockers for quick and flexible storage and retrieval of personal items
- Variety of configurations—facing wall, door, or window, various guest seating configurations, and wall-mounted monitors
- Fully adjustable sit/stand furniture
- “Hideaways” created to offer maximum privacy when necessary

### ***Design—Common Areas***

- Multiple booths and workstations scattered throughout office
- Kitchen “bar” work area to attract small teams
- Layout and design configured to capture maximum natural light
- Soft lighting normally engineered for homes, not commercial spaces
- Multiple casual “den” areas to foster informal collaboration

### ***Technology***

- Cloud managed WI-FI 6 enabled access points ensuring optimal connectivity throughout the office space
- Multiple hot desk configurations with ergonomic desks and a cloud-based reservation platform
- Smart soundbar technology in conference rooms and collaboration dens with a seamless plug and play interface
- Hoteling allows for completely interchangeable landline/cellphone use

### ***Environment***

- Artwork selected by committee to reflect Gilbert values and highlight local artists
- Significant greenery, rotated and professionally maintained
- Treadmill desks to enhance wellness
- All plastic bottles discontinued
